

Kings Park - Timeline

Before the settlement of New South Wales by Europeans, the Blacktown district was inhabited by the Darug Aboriginal people, who are the traditional owners and ongoing custodians of the land. We pay our respect to elders past and present, and acknowledge the Aboriginal people for their custodianship of the land.

Originally this suburb formed part of Marayong, but with increased residential development, residents wanted a separate identity, and the developer's estate name was adopted in 1987.

For history before 1987, please see the Marayong suburb timeline.
